PROFESSIONAL SUMMARY

Mobile Developer and Full Stack Engineer with **1 year of hands-on experience** building production-grade **Android (Kotlin)** and **Flutter** applications, alongside web solutions using **React.js**, **Next.js** and **Java Spring Boot**. Delivered **live applications on Google Play Store and Apple App Store** with versioned releases and maintained cross-platform builds. Skilled in **Firebase, REST APIs, Clean Architecture,** and **MVVM**. Published researcher. Strong in **DSA**, OOPs, and Agile practices.

EDUCATION

Dy Patil Institute of MCA and Management, Akurdi (SPPU) — **Pune, Maharashtra, India**
Master of Computer Application | CGPA: 8.56/10.00 — *Aug 2024 – Apr 2026*

MIT ACSC Alandi (SPPU) — **Pune, Maharashtra, India**
Bachelor of Computer Science | CGPA: 8.64/10.00 — *Aug 2021 – Apr 2024*

TECHNICAL SKILLS

Mobile Development: Android (Kotlin/Java), Flutter (Dart), React Native
Programming Languages: Kotlin, Java, Dart, JavaScript, TypeScript, Python
Backend: Spring Boot (Java), Node.js, Express.js
Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Bootstrap
Databases: MySQL, MongoDB, PostgreSQL, Firebase Firestore
Tools & Platforms: Android Studio, Git, GitHub, Bruno, Postman, VS Code, Eclipse, Spring Tool Suite
Concepts: Clean Architecture, MVVM, RBAC, REST APIs, OOPs, DSA, Agile Methodology

WORK EXPERIENCE

Software Developer Intern — **Jan 2026 – Oct 2026**
HFP Technology Private Limited — *Thane, Maharashtra, India*

- **Ekspans — B2B Social Networking App** | *Flutter, Dart, Firebase, Facebook SDK, REST APIs*
- Built a **cross-platform B2B networking application** using **Flutter** with a professional business feed, **real-time live chat**, digital business card exchange, and company profile management.
- Integrated **Facebook SDK** for social authentication and **Firebase** for real-time database, push notifications, and crash reporting via **Firebase Crashlytics**.
- Managed **versioned app releases** on **Google Play Store** and **Apple App Store**; maintained and optimized **Android and iOS builds** across release cycles.
- **Wellness Center Club — Role-Based Wellness App** | *Android Native, Kotlin, Firebase, REST APIs*
- Developed a **native Android app in Kotlin** for wellness center management with **RBAC** supporting Admin, Manager, Member, and Customer roles with dedicated dashboards.
- Built modules for **community posts, event management, member tracking,** and **nutrition planning**; integrated **Google Sign-In**, **Firebase push notifications**, and **Crashlytics** for stability monitoring.
- Implemented **GPS-based activity tracking** for steps, running, and swimming with **Google Maps route drawing**; used tracked data to auto-generate **community activity posts**.

PROJECTS

BuddyGo — Travel Buddy Finder Application
Flutter, Dart, Firebase, Google Maps, REST APIs — *Feb 2026 – May 2026*

- Developed a **hybrid Flutter application** for solo travelers to find **verified travel partners**, featuring **public and private trip creation** with **group chat** functionality.
- Implemented **user identity verification** and **privacy-first anonymous messaging** ensuring secure communication without exposing personal phone numbers.

E-Grampanchayat — Digital Rural Governance Platform
React.js (Vite), Spring Boot (Java), MySQL, Bootstrap — *Jan 2025 – Mar 2025*

- Built a **full-stack web platform** digitizing Grampanchayat operations with **online certificate issuance**, tax payments, scheme applications, and project monitoring.
- Designed **role-based citizen and admin portals** aligned with the **Digital India** initiative, reducing manual paperwork and improving governance transparency.

CERTIFICATIONS

- **Data Structures and Algorithms using Java** — NPTEL *Key Skills: DSA, Java*
- **React and Redux** *Key Skills: React.js, Redux*
- **Introduction to Java Spring Framework 101** *Key Skills: Spring Boot*
- **Python Programming** *Key Skills: Python*
- **Ethical Hacking** — NPTEL

PERSONAL DETAILS

Interests: Solving DSA Problems, Building Web & Mobile Applications, Exploring New Technologies in Software Industry
